COMPANY PROFILE

GIVING YOUR HOUSE A BEFITTING CROWN

Vision

A Company that will compete globally and out live its founders.

Mission

To contribute substantially in meeting One of the basics needs of man, that is shelter by manufacturing building Materials and providing allied services Thereby contributing positively to the Growth and development of the economy.

WHO WE ARE

Zarewa Aluminum and Plastic ltd is a subsidiary of Zarewa Global Services ltd with an interest in manufacturing, agriculture, transportation oil and gas, and allied services, it isa fully owned indigenous company with headquarters in Kaduna and was founded in 2007. It became fully operational in 2009 and has three branches: Yola in Adamawa state, Jalingo in Taraba state, and Maiduguri in Borno State.

Zarewa Aluminum and Plastic at present produces long span corrugated roofing sheets, Metcoppo, stone-coated roof, and Step tiles with accessories. Our company was founded out of the need to produce good quality and affordable building materials locally and in so doing contribute to the government's plan of providing good and affordable houses to the citizens. Not just that we are also interested in the provision of job opportunities for Nigerian youths and encourage the can-do spirit in them. that is why we can proudly say today that all our workers are Nigerians supervised expatriate.

One of our core values is to provide high-quality products at affordable rates ensuring that our products are good and trusted. we make use of good standard coils for our corrugated roofing sheets that meets the SON/ISO standards.

Our presence is already felt in the nineteen states of the north with marketing interest across the other regions of athe country.
